EXECUTIVE SUMMARY OF PROJECT 2019

Eures Cross-border Partnership 2019 born initially from a bid presented among Public Employment Entities (SEXPE and IEFP), from both sides of the Portuguese and Spanish border. Lately they invited the employers' entities from both sides of the frontier in 2018 (NERE, NERPOR from Portugal and Cresem from Spain), and the Federation of Municipalities from Extremadura named FEMPEX. This way the proposal, is leaded by SEXPE, which in collaboration with IEFP, its homologous entity in Portugal, decided to include in 2018, the employers' entities from Alentejo (NERE and NERPOR) and Extremadura (CRESEM FOUNDATION).

This project aims to ease the labour mobility between these two border regions of Portuguese Alentejo and Spanish Extremadura. Moreover this project aims to help employers collective and job searchers to find opportunities of placement on the other side of the frontier. Thus fostering the possibilities of start their labour and entrepreneurial ventures, on the other side of the border with reduced barriers to do so.

From the **EURES CROSSBORDER PARTNERSHIP EXTREMADURA-ALENTEJO'19** point of view, we believe that workers and employers, could obtain interesting competitive advantages, developing their labour activities and their business on a cross border level.

For further information we provide the link, where you can see or download the presentation to watch in detail the aims of our project.
